

Studiengang: Geodäsie

	Montag	Dienstag	Mittwoch	Donnerstag	Freitag
08:00			Satellite Navigation 08:00-08:45 M 2.11	Topology and Optimization 08:00-09:30 2.370	Transport Telematics 08:00-09:30 2.370
		Kinematic Measurements and Positioning 09:00-12:00	Remote Sensing 08:45-09:30 M 2.11		
10:00	Satellite Geodesy Observation Techniques 09:30-10:15 2.370	Kinematic Measurements and Positioning 28.04.2009 09:30-11:00 2.370		Map Projections & Geodetic Coordinate Systems 09:45-11:15 M 24.01	Integrated Positioning and Navigation 09:45-11:15 M 2.31
	Satellite Geodesy Observation Techniques 10:15-11:00 2.370		Physical Geodesy 10:30-11:15 2.370		
12:00	Thematic Cartography 11:30-12:15 2.370		Airborne Data Acquisition 11:30-12:15 2.370	Geoinformatics 11:30-13:00 2.370	Physical Geodesy 11:30-13:00 2.370
	Thematic Cartography 12:15-13:00 2.370		Airborne Data Acquisition 12:15-13:00 2.370		
14:00	Remote Sensing 14:00-15:30 M 2.03	Kinematic Measurements and Positioning 14:00-15:30 2.370	Map Projections & Geodetic Coordinate Systems 14:30-15:15 M 24.01	Topology and Optimization 14:00-15:30 2.370	
	Satellite Navigation 15:30-17:00 M 2.31	Transport Telematics 15:45-17:15 2.370			
16:00		Geoinformatics 15:45-16:30 2.370			
18:00	Integrated Fieldwork von 20.07.2009 bis 31.07.2009 18:00-20:00
